Allied Powers In Accord On Enforcement of Treaty Terms

Humane Attitude To Germany And
Resumption of Trade With
Russia Is Program

REFUSE GERMANY LARGE ARMY

SAN REMO, April 25—The San Remo conference of the Council of Premiers which met with the object of unifying the Allied attitude toward Germany will end probably late today night with all members in complete accord. While not all questions have been settled the outstanding differences have been eradicated and a great improvement is looked for when Premiers resume their work in Paris next month. Premier Lloyd George in a statement to the French press tonight said complete agreement had been reached on several questions relating to Germany and that the Council would submit a joint statement on Monday.

SAN REMO, April 26—The Council of Premiers has decided on taking up trading with Russia again it was learned officially, and will allow the entrance of a Russian mission into the Allied country to discuss the matter. Great Britain, it was said, has consented to the plan although she objects to Maxim Litvinoff, Soviet emissary on the grounds that he is guilty of a "breach of diplomatic etiquette" in his recent conversation with J. O'Grady, British representative. The Premier of Italy today was to give his decision on the proposed Adriatic settlement. After he submitted his plan making Fiume a buffer state based on the proposal of President Wilson in his note of December 9, 1919, France and Great Britain pointed out that they had not ratified this plan and declared that he must choose between Wilson's original compromise and the Pact of London which would give Fiume to Jugoslavia.

PARIS, April 26—A joint French, British Italian and Belgian statement to be ratified here this afternoon refuses Germany's request that she be allowed to retain an army of 200,000 instead of 100,000 as provided for in the Treaty of Versailles. The statement says that the amount of reparation which Germany must pay will be fixed later.

SAN REMO, April 25—Germany will be asked to pay \$50,000,000,000 marks as the total reparation sum. The Supreme Council decided today. The conference will break up Tuesday. Fifty billion marks at the normal pre-war value of the German marks would approximately be \$12,500,000,000.

LONDON, April 25—The Adriatic problem came nearer to a settlement than ever before today when the three allied premiers opened discussion of the question on the basis of President Wilson's memorandum of December 9, 1919, which Premier and Lloyd George and Clemenceau approved in London.

Premier Nitti at that time declined to accept the terms, but after four months of negotiations the Italian government is now anxious to make any settlement.

Today Nitti threw into the diplomatic ring a proposal for home rule in Dalmatia in exchange for concessions from President Wilson regarding Fiume.

Nitti has been the outstanding personality in the San Remo deliberations. He took a vigorous stand concerning Germany and Russia, being insistent that Europe must shed the last vestige of war spirit and give Germany some measure of freedom and also admit Russia into the family of nations.

"Let us give the working

classes of the word an opportunity to see exactly what is happening in Russia," argued Nitti. "It may be that they will see destruction and chaos instead of the El Dorado after which they are hankering or it may be that in many things Russia has pointed a new way for the good of the world. At any rate let us give the world a chance to see for itself."

Nitti does not ask an out and out revision of the Versailles treaty but insists upon interpreting the terms in a humane manner and allowing the Germans sufficient troops to maintain order.

"Germany," he said, "is entitled to an army equal to those of the allied countries, but she must surrender her heavy artillery."

According to reports current here the allies immediately will estimate the amount of war reparation Germany must pay. Then Germany will be invited to make suggestions through an intermediary who will be invited to attend the forthcoming interallied financial conference at Brussels.

The various issues of the German situation were discussed at length. It is believed that the conference will end either tonight or Monday.

Premier Nitti, of Italy, in a statement to the French press correspondents, emphasized the necessity of unity to enforce the terms of the treaty of Versailles. He pointed out that he had set an example to the allies when he received Premier Renner, of Austria, at Rome, and opened friendly and direct negotiations with the Jugoslavs regarding the disputed Adriatic territory.

Premier Nitti denied that he had proposed a revision of the German peace treaty. But he urged the necessity of taking such action as would enable Germany to develop her industries and consolidate the government.

"There is no question about the disarmament," said the Italian premier. "Germany must disarm and surrender her war materials as she promised."

There were indications that the meeting would break up without any decision on Fiume and other territory in dispute between Italy and Jugoslavia. However, Premier Nitti hoped that the Adriatic controversy would be settled at San Remo.

The Dalmatian delegates to the councils said they understood the Adriatic problem would be settled on the basis of the compromise suggested by President Wilson, with a few alterations regarding jurisdiction. Negotiations between the Italians and the Jugoslavs are proceeding.

COURT DECISION COSTLY TO LEHIGH VALLEY R. R.

WASHINGTON, April 26—The Lehigh Valley Railroad was held responsible for the damage of nearly \$800,000 as the result of a "black dump" explosion at Jersey City in 1916 by an action of the Supreme Court today in declining to hear thirteen appeal cases. The explosion occurred among munitions being shipped to the Allies.

CENTRE COUNTY MAN HEADS FORESTRY BUREAU

Chief Forester Pinchot has named John W. Keller, of Boalsburg, Centre county, to be chief of the bureau of silviculture. Keller is now in charge of the state forests in Centre county.

GREAT OUTPOURING OF ODD FELLOWS AT WOODLAND

A great demonstration was held in the Woodland Methodist church last night. Clearfield lodge 198 I. O. O. F. visiting Odd Fellows and friends were the honor guests. Odd Fellows were in attendance to the number of one hundred and seventy-five and the Canton in full uniform, making a fine appearance. The church was tastefully decorated with potted plants, flags and emblems of the lodge. The church was filled to its full capacity.

Pleasing features of the service were the fine music of the Sunday School orchestra, the beautiful anthems by the choir. The instrumental trio of the Misses Baker and Erma Pickles. The sweet solo of Margaret Baird. The beautiful duet of Mr. Herbert and Mary Baker and a duet beautifully rendered by Evelyn Stewart and Mary Baker.

The sermon was preached by the pastor of the church, Rev. John P. McCurdy. He took his text from Galatians 6:10 "As we have opportunity, let us work that which is good toward all men." He said he greatly appreciated this visit from his brother Odd Fellows from Clearfield and Woodland on the first year of his pastorate in Woodland.

His theme was "Who is my neighbor?" He illustrated it by the conversation of Jesus and the lawyer, as to what the lawyer should do to inherit eternal life. He drew a strong picture of the story of the Good Samaritan, showing the different characters of the story in their true light. He dwelt on the value of being a good neighbor and made a practical application of the story.

Clearfield lodge 198 I. O. O. F. now numbers nearly five hundred members and is one of the strongest lodges in the state. Nearly fifty of the members reside in Woodland. The people of Woodland greatly appreciated this visit from the Odd Fellows and hope they will come back to see us again and we will try and do them good.

Great credit for the success of the demonstration is due to the Odd Fellows of Woodland. Ward Maines was chairman of the local committee and they all worked hard to make it a success and are to be congratulated.

DRUG FIEND CLIMBS TELEGRAPH POLE, TIES UP BUSINESS

MOBILE, Ala., April 24—After having defied the police for hours, forced the cutting off of electric power and caused the disruption of street car service and traffic generally at one of the principal downtown business centers, a man, who last night startled hundreds of pedestrians by walking and swinging monkey-like amid the overhead electric light and telephone wires, still was perched early today on his lofty seat midway between two poles.

All efforts to entice him down had failed, and any resort to forcible persuasion was precluded by danger of injury both to the pseudo acrobat and his would-be rescuers. The police expressed the belief that the man had become crazed, either from drugs or bootleg whiskey, known locally as "squirrel" liquor, and that after the effects wore off the wire walker would voluntarily return to earth.

In the meantime, the object of the bluecoats' wrath appeared unconcerned at the furor he had created and remained stretched across the wires, occasionally relieving the monotony of the situation with a cigarette. The police, after it was apparent that the man was not coming down, decided to cut the wires.

A CORRECTION

In our issue of Saturday the wrong advertisement was inserted for the Monday picture at the Liberty Theatre. See the Liberty ad of today for the correct showing.

COAL WAGE AGREEMENT IS SIGNED

The wage scale of the bituminous mine workers in District No. 2 was signed at Philadelphia at four o'clock this morning after a continuous session lasting almost two weeks.

The new pick mining rate gross is \$1.2803 and the machine rate gross is \$0.8656. Car pushing rate is six cents.

RIFLE PRACTICE AND DRILL TEAMS MAY BE ORGANIZED

A great many of the ex-service men of this district are desirous of continuing their military training, at least that part of it that is productive of better physical condition. To this end there is considerable interest being taken in the formation of drill squads and rifle practice teams, and there is a possibility that there will be enough interest manifested to warrant the taking up of the feasibility of going after a national guard company for Clearfield.

We are requested to publish the announcement that all who are interested in the formation of a national guard company here, can report to Willard Barrett at the Snyder Jewelry Store. Mr. Barrett is very much interested in a guard company and will be glad to talk it over with those interested. This organization, if formed, would not be limited to ex-service men. Every young man of good character in the community would be invited to join the guard. We are also requested to announce that "all ex-service men who are interested in forming a rifle practice and drill company, will call on Bruce Jacobs, at the Electric Supply Company."

These are laudable enterprises and it is hoped that there will be a generous response to the calls.

CALLIUX IS FREED UNDER OLD TERMS OF FRENCH STATUTE

PARIS, April 26—Joseph Calliaux, the former premier, who on Thursday was convicted by the high court of commerce and correspondence with the enemy, has been set free. He arrived at his home in Paris Saturday afternoon, accompanied by his wife and several friends. He refused to make a statement, saying only that he would not be in Paris on May 1.

The release of Calliaux Saturday was ordered on the theory that all his time since his arrest on January 14, 1917, had been spent in a cell, which would entitle him to a reduction of nine months from his sentence of thirty-six months, making his total prison term twenty-seven months. Under the prison regulations nine months in a cell constitute a year's detention. Calliaux, having been in confinement more than twenty-seven months, has, under this theory, exceeded his sentence. The supposition which prevailed that he might have to serve one or two months was based on various opinions of the attorneys as to how the time he had spent in detention in a sanatorium would be figured.

By 12:30 o'clock all the legal formalities had been completed and Calliaux was set free. As he was entering the automobile with his wife, the ex-premier thanked the reporters and said:

"I shall withdraw to my home in the Department of the Sarthe, leaving Paris in two or three days after visiting my dentist."

ent their efforts to talk the truant into descending would be futile, had the current cut off to prevent a possible electrocution, adopted a policy of watchful waiting and contented themselves with keeping traffic moving.

C. C. A. A. STARTS BIG FOUR DAY CAMPAIGN

Athletic Organization Starts
On Baseball Program And
Is Making Headway

BE A BOOSTER. JOIN TODAY

A four-day campaign for members for the Clearfield County Athletic Association was launched this morning and the different committees are reporting most satisfactory progress.

This athletic association deserves the encouragement and support of all the good people of the town. Good clean sport will do wonders for the youth of Clearfield and it is the aim of those at the head of this movement to enlist all red-blooded citizens of the town in the association.

The membership fee is placed at \$5.00 and the capital secured therefrom will be utilized in financing the different sporting propositions to be presented during the year. Committees will have charge of every branch of athletic activity and local experts will be at the head of each. The committee in charge of baseball has already made the preliminary arrangements to place a bang-up team in Clearfield. A satisfactory working agreement has been entered into with the Clearfield Park Association for the use of the ball ground at the park, a number of top notch players have already been signed and an effort is now being made to arrange a schedule of games with teams representing DuBois, Punxsutawney, Ridgway, Osceola, Philipsburg and Tyrone.

It is the purpose to open the baseball season about June 15th and continue until October 1st. The more members affiliating with the athletic association the better the team to be secured.

In addition to baseball every other branch of sport will be as generously fostered and thus opportunity be given for every young man to follow his particular individual athletic bent.

This movement should be of interest to every citizen of the town and if properly supported, as it should and doubtless will be, will result in great good to the town.

Get in line! Be a booster and have your membership fee read when the committee calls.

STRIKE SITUATION IS BETTER TODAY

PITTSBURGH, April 26—The strike of railroad workers today entered its last week, officials believe. With unsuccessful efforts of the "rebel" leaders to call out additional men yesterday the strike appeared coming to an end. Hundreds of men employed in the Pennsylvania yards voted to return to work.

Freight movement on the Pennsylvania and the B. & O. was greatly accelerated within the last 24 hours. The P. & L. E. made great progress and officials are confident of greater improvement. Passenger service was normal on all roads. Because of the strike situation the B. & O. operated its passenger trains on standard time. The Pennsylvania, however, was running some local trains on the new time schedule.

CHICAGO, April 26—Chicago railroads again today reported an increase in the number of men returning to work and improved conditions as the striking switchmen for the third time vote to return to work. The strikers demand recognition and higher wages before ending the strike.

STOCK OPENINGS

NEW YORK, April 26—Leading issues were firm. United States Steel opened at 96 1/2, unchanged. Steelmaker at 112 1/2, Republic Steel at 96 1/2, Bethlehem B. at 88 1/2, St. Clair at 34 1/2, Vanadium at 80 1/2, American Woolen at 118 up 1, Baldwin at 116 up 3 1/2, Midvale at 45 1/2.

DUBOIS OFFICER IN THRILLING PISTOL DUEL

Patrolman Sullivan Target Of
Unknown Assailant But
Not Injured Seriously

AFTERMATH OF ROBBERIES

DUBOIS, April 26—As a probable aftermath of the numerous robberies that have been made and attempted in the East Side, a thrilling pistol duel took place Sunday morning between Officer Charles Sullivan, who has the Third Ward patrol, and an unknown assailant. The sheriff exchanged several shots with the would-be murderer and one of the shots fired by the unknown duelist struck the officer in the right leg, inflicting a flesh wound.

Officer Sullivan, in going to the Menzie addition, usually goes down Third street and crosses the small foot-bridge at the upper end of the Cannery Dam. This brings him out at the Country Club house, and only a few yards away from where a robbery occurred on Friday evening.

"Sheriff" stated last evening that he presented a fine target for the gunman, as he stood on the bridge for possibly three minutes, watching a dog that was rising off the waters. There is an arc light at the foot of Third street, so that the officer was in plain view of the man, who stood at the corner of the club-house. After standing on the bridge the officer stepped down and as is customary, turned his strong flashlight on the club-house as he approached it. The light played over the building, and suddenly its beams illuminated the figure of a man crouched at the right hand corner. The instant the light struck the man he started to fire a revolver. About the third shot a bullet struck the officer in the leg. "Sheriff" was naturally greatly surprised to have someone firing at him in this manner, but he managed to get his own gun out of his pocket and returned the compliment. A merry duel was staged, with no casualties on either side.

After the assailant had emptied his gun he started up over the golf course and the officer, despite his wounded leg, took after him. Mr. Sullivan was handicapped by his wound, but managed to keep his quarry in sight. Once the man stumbled and the officer thought that he had him, but the man arose and continued his flight, finally managing to get away in the darkness.

In the meantime, Mrs. Shoemaker, whose home was visited by burglars on Friday evening, had heard the shots and turned on the lights. Assistant Chief Morris and Patrolman Luganbach responded and within a few minutes were on the scene. The entire neighborhood was thoroughly searched, but no trace of the fugitive was found.

Officer Sullivan put up a plucky fight, but it was next to impossible to aim with any degree of certainty in the darkness. The only thing he had to go by was the flash of the man's gun. The gunman had all the advantage, as "Sheriff" was outlined by the arc light and stood out in the open. This is not the first time that Officer Sullivan has been in a pistol duel with fugitives and it is not the first time he has been wounded.

It is believed that the pistol duel was carried out by a robber concerned in the affairs that happened on Friday evening, when several homes on Prospect avenue were visited, including the Viefund residence and the Shoemaker home. It is possible that the duelist was considering another clean-up, as he was only a few yards away from the homes visited when the shooting took place.

READING RAILROAD MUST UNSCRAMBLE

WASHINGTON, April 26—The government today won one of its first famous anthracite coal cases when the Supreme Court decided that the Reading Railroad must give up its holdings in the various coal companies. The coal combination of the railroads in the mining concerns was held to be a violation of the anti-trust law. The court declared the whole combination must be dissolved.

NO DECISION ON DRY LAW GIVEN TODAY

WASHINGTON, April 26—The Supreme Court today again failed to hand down its decision on the validity of constitutional prohibition.

FOUR YOUNG BOYS IN JAIL FOR TAKING OF FARMER'S GRUB

Five Clearfield boys were landed in jail about 12 o'clock Saturday night following an exciting chase and round-up in the woods of Goshen township. The lads are charged by Court Koozer with swiping a quantity of groceries which had been left along the Lick Run road at the mouth of the road leading into Koozer's saw mill on Lick Run.

Mr. Koozer had been to town yesterday afternoon and purchased a week's supply of grub. He had John Sipes take it out in his wagon, while he followed some time later on foot. Mr. Sipes lives beyond the Koozer place and when he reached the mouth of Koozer's road he unloaded the supplies and then continued on to his home.

Just after the stuff had been unloaded five Clearfield boys ranging in age from 16 down to 12 years happened along on their way to one of the hunting camps on the mountains where they expected to spend Sunday. They decided to help themselves to the groceries and made away with quite a quantity of them before Mr. Koozer happened in sight. Koozer gave chase and the boys started to run with their plunder. When their pursuer began to gain on them the youthful freebooters struck off the road into the woods. Mr. Koozer, summoned assistance and several neighbors joining in the chase the boys were soon run to earth.

Chief of Police Eadie and Juvenile Officers Leavy were communicated with by phone and directed that the prisoners be brought to town. They were loaded into John Sipes' wagon and landed at "Squire Bala's" office about 12 o'clock.

After hearing the story the "Squire" remanded the lads to jail for a hearing on Saturday next and were taken down and incarcerated in the juvenile department at Fort Gorman.

The people out in the Goshen country have been putting up with depredations such as this for a long time and have decided to break it up and will make the start with this case. They realize the action of these boys was more thoughtless than criminal but they feel it is the proper time to make the start hence the arrests.

Too many irresponsible young men have been going out to the different hunting camps and not only committing all kinds of depredations along the way but raising the dickens generally at the camps after succeeding in gaining entrance and if this lesson to these boys will be the means of breaking it up it will be a good thing for all concerned.

SAYS U. S. WILL BE ASKED TO ASSUME ARMENIAN MANDATE

WASHINGTON, April 26—Reports that the Allied Supreme Council had decided to offer the Armenian mandate to the United States and ask President Wilson to fix the boundary of that nation were received with surprise in government circles here today. This is in spite of the fact that the Allies have been warned by hints and otherwise that there was no chance of this country taking a mandatory over Armenia. Congress is believed to be almost unanimously opposed to the project as it will require an army and a large appropriation to make a good as a mandate. Officials believe that the offer of a mandatory over Armenia will be politely declined.

In these days of high prices for spring suits and dresses, thank heaven we are not a Mormon.

A sage tells us to consider the tea kettle. Although up to the neck in hot water it continues to sing. Good advice.

SOUNDS GOOD

Two developments of the last forty-eight hours should bring general rejoicing to us. First the apparent conciliatory mood of the governments meeting at San Remo on the terms of the peace treaty and second the final settlement of the long drawn out wage controversy in the bituminous coal fields. While the first is of only of indirect importance it is important nevertheless as bearing on the general prosperity of the world and an early return to sound commercial relations between nations. The second development spells peace and prosperity for our immediate community. The increases granted to the mine workers will be reflected in business balances over the counters as the spending power of the mine workers will be about twenty to twenty-five per cent higher.

WHOSE BOYS WERE THEY?

This is the question Clearfield parents will be asking after reading the account of the malicious destroying of property in Goshen township Saturday evening. The names of the boys have not been published for the reason that those who were caught do not comprize the complete list of boys who have been engaging in these practices. There are no less than twenty-five Clearfield boys who have been making a practice of destroying property in adjoining country districts and it behooves parents to look into this matter at once to determine whether their boys are a party to such conduct. Prosecutions are to follow. Hunting camps have been heavy losers and their officers are preparing to wage a vigorous campaign against the despoilers of their property. Many of the hunting clubs leave their camps open for the accommodation of the hunter, the fisherman or the berry picker who might want to use it for shelter or the preparation of meals. It is a shame that such hospitality is so rewarded.

CHICAGO DELEGATES WILL HAVE PHONES IN THEIR SEATS

Delegates at the Republican National convention, opening at Chicago on June 8, will be able to confer with representatives of other states without leaving their seats.

To eliminate a large part of the confusion incident to conferences between delegates on the floor, C. R. Hall, superintendent of the Coliseum, has arranged for the installation of telephones connecting all state, district and territorial delegations.

It is said that this will be the first time that such a system has been installed at any national convention. There will be 53 telephones in service, reaching the 48 state groups and the representatives of the District of Columbia, Alaska, Hawaii, the Philippines and Porto Rico.

The convention architects have completed plans for the Coliseum, including an extra balcony that adds approximately 1,100 to the seating capacity. Work on the balcony and

the convention offices, in the Coliseum annex will start May 3. The Chicago convention committee is spending \$47,000 on changes to the building to accommodate the delegates and more than 10,000 spectators.

ARRESTED FOR SWIPEING BICYCLES

The police have had numerous complaints lately relative to the swiping of bicycles about town. Many times the past couple of weeks bicycles, left along the curb while the owners went into stores to transact business, have disappeared and would be found a day or so later in ditches and out-of-the-way places.

Saturday evening a couple of Reedsville boys came down to town and left their bicycles along Market street while they went into a store. When they came out to look for their wheels they were gone. This time the boys taking them were seen by some person who knew them and the police were promptly informed. Warrants were issued for the bicycle lifters and they were arrested.

They were taken before Squire Bain this morning and on their promise to pay the costs and refrain from such work in the future they were allowed to go without further trouble.

If Back Hurts Begin On Salts

Whush the Kidneys at once when Backache or Bladder Bothers—Meat forms uric acid

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

FOUND OUT HOW SHE WORKED

The fire alarm sounded from box No. 17 Saturday evening about 9 o'clock and when the firemen arrived at the corner of Third street and "the Bowers" they found a frightened youngster who told them a boy had reached up to the fire alarm box and pulled something down and away she went.

The glass in the box was broken and the door ajar and the inquisitive kid did the rest.

Eliminating Free Radius Will Better The Service For Business Men

We know every business man would rather pay the insignificant sum we have placed on some of the points in the heretofore "free radius," than be always confronted with "Line's busy."

Here's how it works: Mrs. Smith in Blanktown thinks she has some "news" for Mrs. Jones in a free radius town. She calls; gets her party; keeps on thinking of something else to talk about and they hold the line longer than they realize.

Mr. Busy Business Man has a business call to put through while these ladies talk. It's important. He must get his party for the quick dispatch of business. Yet business is held up while cooking recipes are discussed.

Any business man would gladly pay three or four times the amount that we have placed on these points as a toll, rather than be held up.

Aside from this sort of inconvenience as outlined above, there are also hundreds of miles of wire to maintain—from which we derive no income. Is it fair?

The Help You Want On Washday

While lifting boilers struggling with tubs and straining over the scrubboard on wash days, haven't you often yearned for relief—some economical and convenient means of having your family washing done?

Our Family Laundry Service will appeal to you if you have.

It is something different from the usual laundry service—and its cost is very moderate.

When our driver brings us your family bundle, we wash everything, using from nine to twelve changes of pure, soft water and suds of mild white soap. We dry the clothes without wringing or flapping on the line—a spin in our magic basket and a few minutes in a gentle breeze of warm, clean air, does it.

Then we iron the flat pieces, like the bed clothes and table liners. Such other pieces as require it, we starch.

Finally we wrap them all in a package and deliver them to you immaculate—leaving only a small amount of the ironing for you to do yourself.

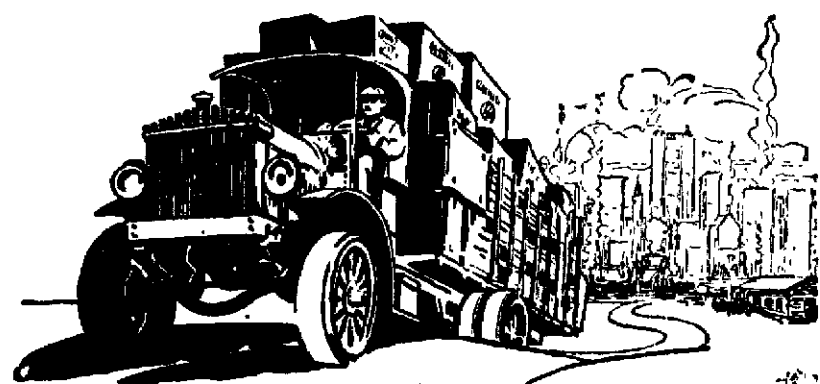

Could anything be simpler? All of the heaviest and most unpleasant work of washday is done by us. Only the lightest duties are left to you.

You will be surprised, too, at the reasonableness of the cost.

But more important still, you will find immense relief in having no smelly Mondays to live through, no irksome labor over the scrubboard and no weekly troubles with clothes lines and soot.

If you will telephone, write or visit us, we will be glad to tell you more about this service. Or better, leave us your address and we will have our driver call at once for your family bundle.

Clearfield Laundry

On Your Way and More Power to You

E-a-s-y—that's the way Atlantic starts your trucks on their day's work. Then, a quick shift, and away goes the load for the long road and the day's business of delivery. Take it two ways—delivery by Atlantic, of power that comes strong, sure and with full response.

Never mind the carburetor. No tinkering on the road is needed. Once it's set, the driver forgets it. It goes on feeding energy into the cylinders. The pistons pump with the rhythm of rain. The spark takes every drop. Atlantic all burns. None is left to sneak into the mechanism and quarrel with the lubrication. It sticks to the business of transportation.

Atlantic vaporizes fast and thoroughly. It gives power quick pick-up and speed. It does its work economically and pares the year's fuel bill close. It works on a lean mixture—lots of air and little gasoline. Atlantic is good. Its quality is top-notch. It doesn't foul spark plugs nor engines.

Tank up where you see the others getting their supply of liquid transportation, at the Red Pump at the Atlantic sign which says, truly,

NEWS OF OUR NEIGHBORS CURWENSVILLE

Luther Anderson, a son of George Anderson, of Pike township, was taken to Clearfield Hospital last Thursday and operated upon for appendicitis. He passed the ordeal successfully and is getting on toward the renewal of his health finely.

Orl L. Norris, one of Clearfield's good and solid citizens, in order to add to the number of Odd Fellows attending church yesterday, walked up from the county seat and joined the members of his lodge in procession to the church.

Constable Eli Korb, who resides along the Grampian road, is confined to his bed chamber, suffering from an attack of rheumatism.

Colonel Tom Davidson, who e home is in Fort Smith, Arkansas, was a Sunday visitor at the home of his brother, Archie Davidson. He was a resident of Curwensville at one time, having been engaged in the grocery business with his brother.

John Delmont Richards died at his home in Nanticoke last Friday afternoon, after two weeks of suffering from rheumatism and leakage of the heart, aged 43 years, 5 months and 5 days. He was the eldest son of J. S. Richards (who died of pneumonia, January 19, 1919) and Rachel Richards, and was born at West Moshannon. He was united in wedlock in 1896 to Miss Hannah McCracken, of Greenwood township, and to this union were born seven children, one passing away in infancy, leaving his widow, our sons and two daughters surviving him. Together with those of his immediate family who will mourn and sorrow after the departed, are his mother and brother, James, Guy, Earl and Harry, residing in Curwensville, and Mrs. Elva Kemalle, of Indiana. "Dad" Richards, as everyone called him, was a young man well and favorably known all over the county, having followed the work of a woodman the greater part of his life. He always had a smile, and a pleasant for all with whom he came in contact, and gave to charity to the full extent of his means. He conducted a restaurant for almost two years, and many a tired and hungry man was fed without a thought of making a charge for the same. Kind and indulgent was he to his wife and children, and his death came yet in the prime of manhood, will long be felt by them. Although not affiliating with any church, he followed out the true principals of Christianity, as was taught him at his mother's knee, and placed hope of salvation in him who gave and who taketh away. "Dad" Richards was a good, honest man in every respect, and an honored citizen, and what more can be said of a mortal man? To quote from one who has known him almost his lifetime, "he was a true and tried friend to a friend, enemies of him none are known to exist." His funeral will be held this afternoon at 2 o'clock, from his late home, Rev. J. C. Collins of the M. E. church, officiating. Interment will be made in Oak Hill cemetery.

Mrs. Edith Blake left last Saturday for Rochester, N. Y., where she will resume her work in one of the hospitals of that city, after spending some time with her parents in Curwensville, Md. and Mrs. John Blake.

Born to Mr. and Mrs. Harry Lines, on Saturday forenoon, a son.

Sunday forenoon almost two hundred Odd Fellows, together with almost one hundred members of the Rebekah Lodge, attended the M. E. church in a body, and listened to a fine and instructive sermon by Rev. J. C. Collins, who spoke from the text: "Rejoice with them that do rejoice, and weep with them that do weep," found in the 15th verse, 12th chapter of St. Paul's epistle to the Romans. While the discourse was not strictly along the lines of Odd Fellowship, a great deal of it could be applied to the principles of the order generally, with much profit. The sermon, however, was one of good common sense and was listened to with profound attention by the large congregation.

Walter Norris and family will be moving their home for the summer season. Saturday night some one broke into their smoke house and carried away all of the meat stored therein. The lock was broken off in order that an entrance might be gained.

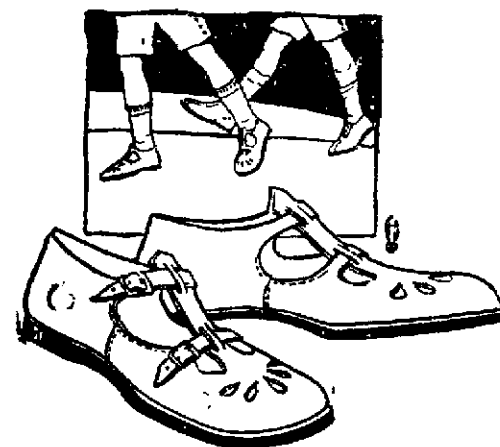

WOODLAND

Mrs. Triphena Riley, of Tyrone, spent Sunday at the home of her daughter, Mrs. M. A. Peter.

Carl Wingo, while at his work in the clay mines, had the misfortune to mash his toe on Tuesday. On Wednesday he became very ill and symptoms of lock-jaw were in evidence but by the timely aid of physicians, the dread disease was arrested and it is thought the danger is now over. Serum for lock-jaw was administered to him with the desired result.

A number of our church people attended the evening session of the Sunday School Convention held in Clearfield on Tuesday.

Master Charles Walker fell from a fence on the farm of Aron F. Shelman on Sunday afternoon and broke his arm. A young son of James Stevens had the misfortune to fall down a

Eight of cement steps at his home the same afternoon, and also broke an arm.

Mrs. Harry Varner was shopping and calling on relatives in Clearfield on Wednesday.

A number of our people journeyed to Philipsburg on Wednesday to see the picture entitled "Le. Miserables."

Great activity has been manifest in the churches this week, both churches having united in their efforts regarding the World-Wide Church Movement.

GRAMPIAN

Lee R. Spencer has purchased the R. G. Farwell property near Grampian.

As an inducement for more workers the Ellery Coal Mining company has arranged transportation for the men from Grampian to their mine, some two miles distant.

Mrs. Frank Guibet and Mrs. Cal. Guibet were shopping in Curwensville Tuesday.

E. A. Spencer and family visited their son Roy, at Law City Sunday.

Joe Haley, after an eight weeks' battle with scarlet fever and diphtheria, is able to be out again.

The Child Welfare play, "The Child in the Mill," was presented by the W. C. T. U. to a large audience, in the M. E. church Wednesday evening.

Mr. and Mrs. William Rummings have returned to their home on Fourth street, after spending a week with the latter's parents, Mr. and Mrs. L. Thompson, at Glen Richey.

NEW JERSEY CAMPAIGN ENDS TOMORROW

TRENTON, N. J., April 26.—Major General Wood and Senator Hiram Johnson have rested their cases and the verdict is in the hands of the New Jersey Republican voters. Their decision as to which of these two contestants for the Presidential nomination shall receive the state's endorsement will be handed down at tomorrow's primaries.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 10c and 25c.

PLYMPTON—HOLLOPETER

William Plympton, of Ellwood City and Miss Lenore Hollopeter, of Clearfield, were united in marriage by Rev. Hartman, at the home of the bride's parents on Ogden avenue, at four o'clock, April 25, 1920.

They left Monday on the 1:38 B. & P. train for Ellwood City, where Mr. Plympton is engaged in the furniture business.

The bride has been employed as a saleslady in J. G. McCrory's store for some time.

Their many friends wish them success and happiness.

Mrs. L. G. Runk and Mrs. Jackson, of Philipsburg, were shopping in town Saturday.

Camels came through

on clean-cut merit!
No premiums or pull!

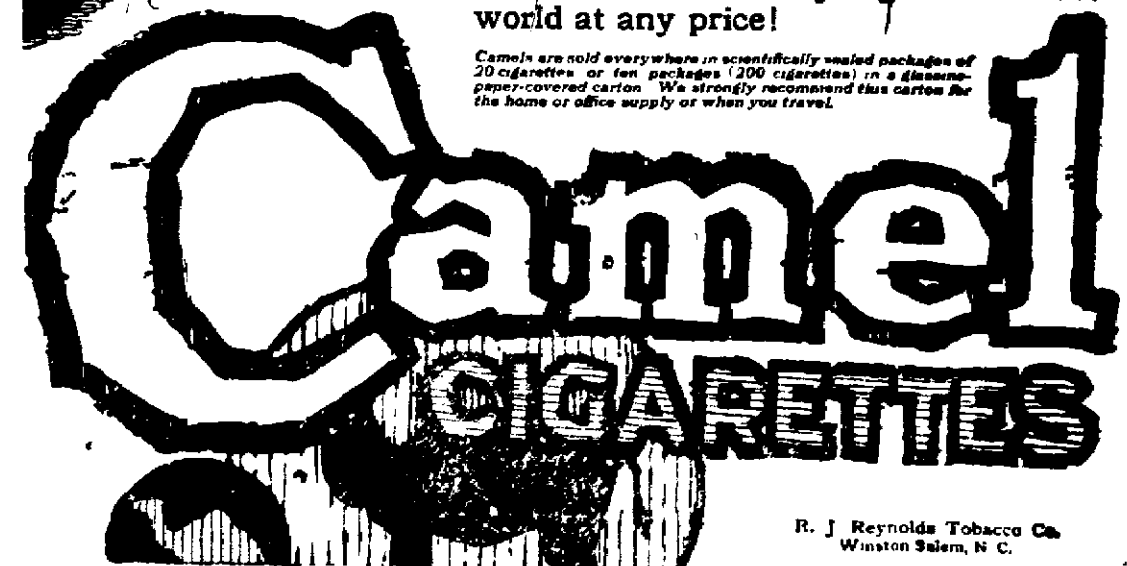

Camels delightfulness is due to their quality and to their expert blend of choice Turkish and choice Domestic tobaccos.

The more liberally you smoke Camels the surer you are that Camels are made to meet your taste! They have everything you ever looked for in cigarettes! You'll prefer Camels blend to either kind of tobaccos smoked straight!

Know today that you can smoke Camels liberally without tiring your taste; and, that Camels leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

You'll find it mighty interesting to compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glass-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

LETTERS TO THE EDITOR

PROTESTS AGAINST THIRD WARD DOGS

Clearfield, Penna.,
April 23, 1920.

Mr. Editor:—Your Curwensville scribe is certainly not very well acquainted in Clearfield, especially the Third Ward, or he would have included our city with his where no attention is being paid to the worthless dogs which are permitted to roam at large, tracking man on patches.

This has become unbearable and a public nuisance in the vicinity of the Silk Mill, where a couple of dogs draw all the yelling, fighting mongrels for miles. And while we have four constables and two policemen, their presence has not been noticed in the vicinity of the silk mill much oftener than of William J. Bryan. This vicinity is almost entirely composed of modest, respectable young ladies, who have been shocked beyond endurance, and if there is no redress very soon they will be compelled to look for employment in a more civilized community. So we suggest that our officers now act busy. (Signed) THIRD WARD CITIZEN.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.

play, "Should a Woman Tell?" from
the story by Gina Fox, which will be
shown at the Driggs Theatre Tues-
day.
A title which the picture is
a dramatic depiction of the struggle
within a woman's heart between her
desire to confess her whole past to
the man she loves and her fear that
such confession will cost her his affec-
tion. This heroine of the story is
Alice, a girl who is a little
bit of the Mrs. G. It is a story
of a transplanted by circum-
stances, seemingly kindly enough at first.
What occurs after her introduction
to Boston society under the sponsor-
ship of Miss G. is a series of con-
fusions, the item of "Act 1" part of
which she did not speak later to the
man she is to marry, yet which she
feels she must not conceal in fairness
to him.Direction of "Should a Woman
Tell?" was done by John S. Lee, the
excellent photography by Sol Polito,
and unusual artistic effects have been
achieved by his cooperation with the
special art director, Amos Myers.
The production was supervised in en-
tirety and personally by Maxwell
Karger, director general of Screen
Classics, Inc.
The setting of the piece for the
most part is in the village where
Alice was born and lived until the
advent of the Bostonian society wo-
man, who takes an immediate fancy
to the young girl and form the deter-
mines to do all within her power to
improve her condition of life. This
Mrs. G. is accomplished by send-
ing Alice to a fashionable boarding
school and later hanging her out as
she would have her own daughter.
The picture depicts the incident which was
later was to bring to the girl the
necessity of deciding for herself her
problem.**"HEART OF JUANITA" HIGH-
TENSION DRAMA**Beatriz Michelena a Human Dynamo
of Emotion as Dances-Hall Queen
in Scandalous Drama of
Early California"Heart of Juanita," starring the
volatile emotional actress Beatriz
Michelena, is a high-tension, pulse-
stimulating drama of the melting po-
tential of the early days of Califor-
nia, when convention were forgotten
and morals harked back to primitive
age.The picture was made under the
direction of George H. Middleton,
who is responsible for many Michel-
ena successes, notably "Sally Jane,"
"The Unwritten Law" and "Salvation
Nell."As Juanita, the queen of the dance-
hall, a veritable pituitary and human
dynamo of tempestuous action, Miss
Michelena has the most creative role
of her brilliant career.Enter a man who is not love and impleable
in hearted Juanita, a man who is
man she loved in the dance hall, the boss
of the dance hall and a man who
has gone through it all for him if he had
played fair with her. But when Juanita
played fair, Juanita turned on him
like a tiger.Juanita never doesn't know a man to
love or be loved. If you ever, oar-
rains, but the wise
one is he who carries one
when it is only cloudy. Any
one will send for a doctor
when he gets bedfast, but
the wiser one is he who

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulating thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vick's, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vick's the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

Gossip for Tonight's Tea Table

Miss Anna Kragle of Locust street, had as her guest Miss Abantha Kinch, of Juniata, over Saturday.

Mrs. William Beish was delightfully surprised Friday evening, when her many friends and neighbors dropped in to celebrate her birthday. A so-called time was had by all. Dainty refreshments were served. The guests departed at a late hour, wishing her many more happy returns of the day.

Mary Kathryn Flynn, of Mahaffey, spent yesterday with her brother, who is a surgical patient in the Clearfield Hospital.

Piker Rap-ey, Mark Plank and Joe Johnson, of Phillipsburg, motored to Clearfield yesterday and visited friends.

Russell Gould, of Brishin, spent the week end with friends here.

Mr. and Mrs. John H. Moore, Mr. and Mrs. C. T. H. McEl, and Mrs. Harry Knapp, Miss Ruth Sackett, all of Clearfield; Paul Howe, of Morrisdale, and Mr. and Mrs. Eisenburg have returned from a trip to Saginaw Michigan.

Mrs. Katherine Hagerty, of Philadelphia, who has been visiting Miss Anna Norris, left today to visit with her sister in Brishin.

Miss John Norris, of Curwensville, was shopping in town Saturday.

Mr. and Mrs. Boyd McCullough have returned to their home in Tyone, after having spent the week end with Mrs. McCullough's father, W. C. Miller.

Miss Bernice Renaud and daughter Magdalene, of Frenchville, are spending a few days with friends here.

Miss Hannah Hughes spent the week end with friends in Tyone.

Judge Bell is holding court in Beaver this week.

Mrs. H. A. Blair, of Curwensville, was shopping in town today.

Miss Luella Walsh, who is a student-nurse in the Municipal Hospital, Philadelphia, is at present a patient in that institution, suffering from an attack of scarlet fever, according to word received by her mother, Mrs. J. T. Walsh.

Miss Eva Hoover, of Kylertown, is visiting relatives here.

James Mahaffey is transacting business in Altoona.

Ms. Mary Rhimesmith spent the week end with friends in DuBois.

James Sheridan, of DuBois, spent yesterday with friends here.

Miss Dorothy Woodward has returned from a few weeks' visit with college chums at Randolph-Macon College in Virginia.

Robert Wright, of Curwensville, spent the week end with friends here.

Miss Helen Gould and Ethel Johnson spent the week end at their respective homes in Dells Landing.

Mrs. Irvin Potter and daughters, Jane and Caroline, of Altoona, are visiting their mother and grandfather, Mrs. Anna Smith at her home in Walnut street.

Andrew Wagoner, of Grassflat, spent Sunday with his sister, Mrs. Walter Mason.

Homer Jordan, of Pittsburgh, spent the week end with his brothers, Ralph and William Jordan.

Cedric Hill, of Jersey Shore, spent the week end in town.

William Graft has returned from a visit with friends in McKeesport and Indiana.

James Armstrong has returned from Cambridge, Ohio, where he visited with relatives and friends.

Agnes Fulford entertained at bridge at her home on Front street Saturday evening, in honor of Mrs. Boyd McCullough, of Tyone. Four tables of bridge were in play.

Miss Alice Whittaker, of Vandergrift, is visiting friends here.

James Cummings, of Altoona, is visiting with friends on Daisy street.

The ladies of the Presbyterian church are busily preparing for the Centennial, which will be held in June.

W. P. Sheeder left yesterday for Reading, where he will visit his mother. From there he will go to New York, where he will transact business.

Miss Estelle Devinney spent the week end at her home in Kylertown.

Ed Jone, who is employed at Oseola, spent the week end at his home here.

Bud Taylor, of Akron, Ohio, is visiting his parents at their home in town.

Mrs. J. M. Chase is ill at her home on Fourth street.

Mr. and Mrs. Brigham have purchased the cottage on Fourth street, from Mr. J. L. Heller, and expect to move into same as soon as vacated.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1 FOR THE CHURCH'S WORK AT HOME. A score of efforts come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?
- 2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.
- 3 FOR HIGHER EDUCATION. OF the eleven American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools, and yet have only to reach their list of alumni and alumni to measure the value of their contribution to America.
- 4 FOR RELIGIOUS TRAINING. At least 12,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the fact that the American will continue to be a heathen, before long the children of India, the children of China, the children of Japan, the children of the Orient will be coming to this country in ever increasing numbers. A Christian America must be ready to receive them as truly as though they were of the hearts of its people.
- 5 FOR THE CHURCH'S WORK ABROAD. Influence comes from the Orient thirty years ago nearly all phases were Oriental. The Orient is still coming to be a center. Before long the children of India, the children of China, the children of Japan, the children of the Orient will be coming to this country in ever increasing numbers. A Christian America must be ready to receive them as truly as though they were of the hearts of its people.
- 6 PREACHERS' SALARIES. The preacher is called the "longman" and will be many times more than the others. The salaries of the preachers are paid by the churches.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

Allied Powers In Accord On Enforcement of Treaty Terms

Humane Attitude To Germany And
Resumption of Trade With
Russia Is Program

REFUSE GERMANY LARGE ARMY

SAN REMO, April 25—The San Remo conference of the Council of Premiers which met with the object of unifying the Allied attitude toward Germany will end probably late today night with all members in complete accord. While not all questions have been settled the outstanding differences have been eradicated and a great improvement is looked for when Premiers resume their work in Paris next month. Premier Lloyd George in a statement to the French press tonight said complete agreement had been reached on several questions relating to Germany and that the Council would submit a joint statement on Monday.

SAN REMO, April 26—The Council of Premiers has decided on taking up trading with Russia again it was learned officially, and will allow the entrance of a Russian mission into the Allied country to discuss the matter. Great Britain, it was said, has consented to the plan although she objects to Maxim Litvinoff, Soviet emissary on the grounds that he is guilty of a "breach of diplomatic etiquette" in his recent conversation with J. O'Grady, British representative. The Premier of Italy today was to give his decision on the proposed Adriatic settlement. After he submitted his plan making Fiume a buffer state based on the proposal of President Wilson in his note of December 9, 1919, France and Great Britain pointed out that they had not ratified this plan and declared that he must choose between Wilson's original compromise and the Pact of London which would give Fiume to Jugoslavia.

PARIS, April 26—A joint French, British Italian and Belgian statement to be ratified here this afternoon refuses Germany's request that she be allowed to retain an army of 200,000 instead of 100,000 as provided for in the Treaty of Versailles. The statement says that the amount of reparation which Germany must pay will be fixed later.

SAN REMO, April 25—Germany will be asked to pay \$50,000,000,000 marks as the total reparation sum. The Supreme Council decided today. The conference will break up Tuesday. Fifty billion marks at the normal pre-war value of the German marks would approximately be \$12,500,000,000.

LONDON, April 25—The Adriatic problem came nearer to a settlement than ever before today when the three allied premiers opened discussion of the question on the basis of President Wilson's memorandum of December 9, 1919, which Premier and Lloyd George and Clemenceau approved in London.

Premier Nitti at that time declined to accept the terms, but after four months of negotiations the Italian government is now anxious to make any settlement.

Today Nitti threw into the diplomatic ring a proposal for home rule in Dalmatia in exchange for concessions from President Wilson regarding Fiume.

Nitti has been the outstanding personally in the San Remo deliberations. He took a vigorous stand concerning Germany and Russia, being insistent that Europe must shed the last vestige of war spirit and give Germany some measure of freedom and also admit Russia into the family of nations.

"Let us give the working

classes of the word an opportunity to see exactly what is happening in Russia," argued Nitti. "It may be that they will see destruction and chaos instead of the El Dorado after which they are hankering or it may be that in many things Russia has pointed a new way for the good of the world. At any rate let us give the world a chance to see for itself."

Nitti does not ask an out and out revision of the Versailles treaty but insists upon interpreting the terms in a humane manner and allowing the Germans sufficient troops to maintain order.

"Germany," he said, "is entitled to an army equal to those of the allied countries, but she must surrender her heavy artillery."

SAN REMO, Italy, April 25—As the supreme council meeting drew toward its close today there were important developments all indicating closer unity among the allies of the future. Following the two-hole conference between Premier Lloyd George and Premier Illerand it was learned that they had reached an agreement upon disarmament of the German army, Germany's indemnity and close co-operation in any action the allies may take in the future.

According to reports current here the allies immediately will estimate the amount of war reparation Germany must pay. Then Germany will be invited to make suggestions through an intermediary who will be invited to attend the forthcoming interallied financial conference at Brussels.

The various issues of the German situation were discussed at length. It is believed that the conference will end either tonight or Monday.

Premier Nitti, of Italy, in a statement to the French press correspondents, emphasized the necessity of unity to enforce the terms of the treaty of Versailles. He pointed out that he had set an example to the allies when he received Premier Renner, of Austria, at Rome, and opened friendly and direct negotiations with the Jugoslavs regarding the disputed Adriatic territory.

Premier Nitti denied that he had proposed a revision of the German peace treaty. But he urged the necessity of taking such action as would enable Germany to develop her industries and consolidate the government.

"There is no question about the disarmament," said the Italian premier. "Germany must disarm and surrender her war materials as she promised."

There were indications that the meeting would break up without any decision on Fiume and other territory in dispute between Italy and Jugoslavia. However, Premier Nitti hoped that the Adriatic controversy would be settled at San Remo.

The Dalmatian delegates to the councils said they understood the Adriatic problem would be settled on the basis of the compromise suggested by President Wilson, with a few alterations regarding jurisdiction. Negotiations between the Italians and the Jugoslavs are proceeding.

COURT DECISION COSTLY TO LEHIGH VALLEY R. R.

WASHINGTON, April 26—The Lehigh Valley Railroad was held responsible for the damage of nearly \$800,000 as the result of a "black dump" explosion at Jersey City in 1916 by an action of the Supreme Court today in declining to hear thirteen appeal cases. The explosion occurred among munitions being shipped to the Allies.

CENTRE COUNTY MAN HEADS FORESTRY BUREAU

Chief Forester Pinchot has named John W. Keller, of Boalsburg, Centre county, to be chief of the bureau of silviculture. Keller is now in charge of the state forests in Centre county.

GREAT OUTPOURING OF ODD FELLOWS AT WOODLAND

A great demonstration was held in the Woodland Methodist church last night. Clearfield lodge 198 I. O. O. F. visiting Odd Fellows and friends were the honor guests. Odd Fellows were in attendance to the number of one hundred and seventy-five and the Canton in full uniform, making a fine appearance. The church was tastefully decorated with potted plants, flags and emblems of the lodge. The church was filled to its full capacity.

Pleasing features of the service were the fine music of the Sunday School orchestra, the beautiful anthems by the choir. The instrumental trio of the Misses Baker and Erma Pickles. The sweet solo of Margaret Baird. The beautiful duet of Mr. Herbert and Mary Baker and a duet beautifully rendered by Evelyn Stewart and Mary Baker.

The sermon was preached by the pastor of the church, Rev. John P. McCurdy. He took his text from Galatians 6:10 "As we have opportunity, let us work that which is good toward all men." He said he greatly appreciated this visit from his brother Odd Fellows from Clearfield and Woodland on the first year of his pastorate in Woodland.

His theme was "Who is my neighbor?" He illustrated it by the conversation of Jesus and the lawyer, as to what the lawyer should do to inherit eternal life. The drew a strong picture of the story of the Good Samaritan, showing up the different characters of the story in their true light. He dwelt on the value of being a good neighbor and made a practical application of the story.

Clearfield lodge 198 I. O. O. F. now numbers nearly five hundred members and is one of the strongest lodges in the state. Nearly fifty of the members reside in Woodland. The people of Woodland greatly appreciated this visit from the Odd Fellows and hope they will come back to see us again and we will try and do them good.

Great credit for the success of the demonstration is due to the Odd Fellows of Woodland. Ward Maines was chairman of the local committee and they all worked hard to make it a success and are to be congratulated.

DRUG FIEND CLIMBS TELEGRAPH POLE, TIES UP BUSINESS

MOBILE, Ala., April 24—After having defied the police for hours, forced the cutting off of electric power and caused the disruption of street car service and traffic generally at one of the principal downtown business centers, a man, who last night startled hundreds of pedestrians by walking and swinging monkey-like amid the overhead electric light and telephone wires, still was perched early today on his lofty seat midway between two poles.

All efforts to entice him down had failed, and any resort to forcible persuasion was precluded by danger of injury both to the pseudo acrobat and his would-be rescuers. The police expressed the belief that the man had become crazed, either from drug or bootleg whiskey, known locally as "squirrel" liquor, and that after the effects wore off the wire walker would voluntarily return to earth.

In the meantime, the object of the bluecoats' wrath appeared unconcerned at the furor he had created and remained stretched across the wires, occasionally relieving the monotony of the situation with a cigarette. The police, after it was apparent that the man was not going to come down, decided to cut the wires.

A CORRECTION

In our issue of Saturday the wrong advertisement was inserted for the Monday picture at the Liberty Theatre. See the Liberty ad of today for the correct showing.

COAL WAGE AGREEMENT IS SIGNED

The wage scale of the bituminous mine workers in District No. 2 was signed at Philadelphia at four o'clock this morning after a continuous session lasting almost two weeks.

The new pick mining rate gross is \$1.2803 and the machine rate gross is \$0.8656. Car pushing rate is six cents.

RIFLE PRACTICE AND DRILL TEAMS MAY BE ORGANIZED

A great many of the ex-service men of this district are desirous of continuing their military training, at least that part of it that is productive of better physical condition. To this end there is considerable interest being taken in the formation of drill squads and rifle practice teams, and there is a possibility that there will be enough interest manifested to warrant the taking up of the feasibility of going after a national guard company for Clearfield.

We are requested to publish the announcement that all who are interested in the formation of a national guard company here, can report to Willard Barrett at the Snyder Jewelry Store. Mr. Barrett is very much interested in a guard company and will be glad to talk it over with those interested. This organization, if formed, would not be limited to ex-service men. Every young man of good character in the community would be invited to join the guard. We are also requested to announce that "all ex-service men who are interested in forming a rifle practice and drill company, will call on Bruce Jacobs, at the Electric Supply Company."

These are laudable enterprises and it is hoped that there will be a generous response to the calls.

CALLIUX IS FREED UNDER OLD TERMS OF FRENCH STATUTE

PARIS, April 26—Joseph Calliaux, the former premier, who on Thursday was convicted by the high court of commerce and correspondence with the enemy, has been set free. He arrived at his home in Paris Saturday afternoon, accompanied by his wife and several friends. He refused to make a statement, saying only that he would not be in Paris on May 1.

The release of Calliaux Saturday was ordered on the theory that all his time since his arrest on January 14, 1917, had been spent in a cell, which would entitle him to a reduction of nine months from his sentence of thirty-six months, making his total prison term twenty-seven months. Under the prison regulations nine months in a cell constitute a year's detention. Calliaux, having been in confinement more than twenty-seven months, has, under this theory, exceeded his sentence. The supposition which prevailed that he might have to serve one or two months was based on various opinions of the attorneys as to how the time he had spent in detention in a sanatorium would be figured.

By 12:30 o'clock all the legal formalities had been completed and Calliaux was set free. As he was entering the automobile with his wife, the ex-premier thanked the reporters and said:

"I shall withdraw to my home in the Department of the Sarthe, leaving Paris in two or three days after visiting my dentist."

ent their efforts to talk the truant into descending would be futile, had the current cut off to prevent a possible electrocution, adopted a policy of watchful waiting and contented themselves with keeping traffic moving.

C. C. A. A. STARTS BIG FOUR DAY CAMPAIGN

Athletic Organization Starts
On Baseball Program And
Is Making Headway

BE A BOOSTER. JOIN TODAY

A four-day campaign for members for the Clearfield County Athletic Association was launched this morning and the different committees are reporting most satisfactory progress.

This athletic association deserves the encouragement and support of all the good people of the town. Good clean sport will do wonders for the youth of Clearfield and it is the aim of those at the head of this movement to enlist all red-blooded citizens of the town in the association.

The membership fee is placed at \$5.00 and the capital secured therefrom will be utilized in financing the different sporting propositions to be presented during the year. Committees will have charge of every branch of athletic activity and local experts will be at the head of each.

The committee in charge of baseball has already made the preliminary arrangements to place a bang-up team in Clearfield. A satisfactory working agreement has been entered into with the Clearfield Park Association for the use of the ball ground at the park, a number of top notch players have already been signed and an effort is now being made to arrange a schedule of games with teams representing DuBois, Punxsutawney, Ridgway, Osceola, Philipsburg and Tyrone.

It is the purpose to open the baseball season about June 15th and continue until October 1st. The more members affiliating with the athletic association the better the team to be secured.

In addition to baseball every other branch of sport will be as generously fostered and thus opportunity be given for every young man to follow his particular individual athletic bent.

This movement should be of interest to every citizen of the town and if properly supported, as it should and doubtless will be, will result in great good to the town.

Get in line! Be a booster and have your membership fee read when the committee calls.

STRIKE SITUATION IS BETTER TODAY

PITTSBURGH, April 26—The strike of railroad workers today entered its last week, officials believe. With unsuccessful efforts of the "rebel" leaders to call out additional men yesterday the strike appeared coming to an end. Hundreds of men employed in the Pennsylvania yards voted to return to work. Freight movement on the Pennsylvania and the B. & O. was greatly accelerated within the last 24 hours. The P. & L. E. made great progress and officials are confident of greater improvement. Passenger service was normal on all roads. Because of the strike situation the B. & O. operated its passenger trains on standard time. The Pennsylvania, however, was running some local trains on the new time schedule.

CHICAGO, April 26—Chicago railroads again today reported an increase in the number of men returning to work and improved conditions as the striking switchmen for the third time vote to return to work. The strikers demand recognition and higher wages before ending the strike.

STOCK OPENINGS

NEW YORK, April 26—Leading issues were firm. United States Steel opened at 96 1/2, unchanged. Standard at 112 1/2, 2 Republic Steel at 96 1/2 up 1/2, Bethlehem B. at 88 1/2 up 1/2, St. Clair at 34 1/2 up 1/2, Vanadium at 80 1/2 up 1/2, American Woolen at 118 up 1, Baldwin at 116 up 3 1/2, Midvale at 45 1/2.

DUBOIS OFFICER IN THRILLING PISTOL DUEL

Patrolman Sullivan Target Of
Unknown Assailant But
Not Injured Seriously

AFTERMATH OF ROBBERIES

DUBOIS, April 26—As a probable aftermath of the numerous robberies that have been made and attempted in the East Side, a thrilling pistol duel took place Sunday morning between Officer Charles Sullivan, who has the Third Ward patrol, and an unknown assailant. The sheriff exchanged several shots with the would-be murderer and one of the shots fired by the unknown duelist struck the officer in the right leg, inflicting a flesh wound.

Officer Sullivan, in going to the Menzie addition, usually goes down Third street and crosses the small foot-bridge at the upper end of the Cannery Dam. This brings him out at the Country Club house, and only a few yards away from where a robbery occurred on Friday evening.

"Sheriff" stated last evening that he presented a fine target for the gunman, as he stood on the bridge for possibly three minutes, watching a dog that was rising off the waters. There is an arc light at the foot of Third street, so that the officer was in plain view of the man, who stood at the corner of the club-house. After standing on the bridge the officer stepped down and as is customary, turned his strong flashlight on the club-house as he approached it. The light played over the building, and suddenly its beams illuminated the figure of a man crouched at the right hand corner. The instant the light struck the man he started to fire a revolver. About the third shot a bullet struck the officer in the leg. "Sheriff" was naturally greatly surprised to have someone firing at him in this manner, but he managed to get his own gun out of his pocket and returned the compliment. A merry duel was staged, with no casualties on either side.

After the assailant had emptied his gun he started up over the golf course and the officer, despite his wounded leg, took after him. Mr. Sullivan was handicapped by his wound, but managed to keep his quarry in sight. Once the man stumbled and the officer thought that he had him, but the man arose and continued his flight, finally managing to get away in the darkness.

In the meantime, Mrs. Shoemaker, whose home was visited by burglars on Friday evening, had heard the shots and turned on the lights. Assistant Chief Morris and Patrolman Luganbach responded and within a few minutes were on the scene. The entire neighborhood was thoroughly searched, but no trace of the fugitive was found.

Officer Sullivan put up a plucky fight, but it was next to impossible to aim with any degree of certainty in the darkness. The only thing he had to go by was the flash of the man's gun. The gunman had all the advantage, as "Sheriff" was outlined by the arc light and stood out in the open. This is not the first time that Officer Sullivan has been in a pistol duel with fugitives and it is not the first time he has been wounded.

It is believed that the pistol duel was carried out by a robber concerned in the affairs that happened on Friday evening, when several homes on Prospect avenue were visited, including the Viefund residence and the Shoemaker home. It is possible that the duelist was considering another clean-up, as he was only a few yards away from the homes visited when the shooting took place.

READING RAILROAD MUST UNSCRAMBLE

WASHINGTON, April 26—The government today won one of its first famous anthracite coal cases when the Supreme Court decided that the Reading Railroad must give up its holdings in the various coal companies. The coal combination of the railroads in the mining concerns was held to be a violation of the anti-trust law. The court declared the whole combination must be dissolved.

NO DECISION ON DRY LAW GIVEN TODAY

WASHINGTON, April 26—The Supreme Court today again failed to hand down its decision on the validity of constitutional prohibition.

FOUR YOUNG BOYS IN JAIL FOR TAKING OF FARMER'S GRUB

Five Clearfield boys were landed in jail about 12 o'clock Saturday night following an exciting chase and round-up in the woods of Goshen township. The lads are charged by Court Koozer with swiping a quantity of groceries which had been left along the Lick Run road at the mouth of the road leading into Koozer's saw mill on Lick Run.

Mr. Koozer had been to town yesterday afternoon and purchased a week's supply of grub. He had John Sipes take it out in his wagon, while he followed some time later on foot. Mr. Sipes lives beyond the Koozer place and when he reached the mouth of Koozer's road he unloaded the supplies and then continued on to his home.

Just after the stuff had been unloaded five Clearfield boys ranging in age from 16 down to 12 years happened along on their way to one of the hunting camps on the mountains where they expected to spend Sunday. They decided to help themselves to the groceries and made away with quite a quantity of them before Mr. Koozer happened in sight. Koozer gave chase and the boys started to run with their plunder. When their pursuer began to gain on them the youthful freebooters struck off the road into the woods. Mr. Koozer, summoned assistance and several neighbors joining in the chase the boys were soon run to earth.

Chief of Police Eadie and Juvenile Officers Leavy were communicated with by phone and directed that the prisoners be brought to town. They were loaded into John Sipes' wagon and landed at "Squire Bain's" office about 12 o'clock.

After hearing the story the "Squire" remanded the lads to jail for a hearing on Saturday next and were taken down and incarcerated in the juvenile department at Fort Gorman.

The people out in the Goshen country have been putting up with depredations such as this for a long time and have decided to break it up and will make the start with this case. They realize the action of these boys was more thoughtless than criminal but they feel it is the proper time to make the start hence the arrests.

Too many irresponsible young men have been going out to the different hunting camps and not only committing all kinds of depredations along the way but raising the dickens generally at the camps after exceeding in guining entrance and if this lesson to these boys will be the means of breaking it up it will be a good thing for all concerned.

SAYS U. S. WILL BE ASKED TO ASSUME ARMENIAN MANDATE

WASHINGTON, April 26—Reports that the Allied Supreme Council had decided to offer the Armenian mandate to the United States and ask President Wilson to fix the boundary of that nation were received with surprise in government circles here today. This is in spite of the fact that the Allies have been warned by hints and otherwise that there was no chance of this country taking a mandatory over Armenia. Congress is believed to be almost unanimously opposed to the project as it will require an army and a large appropriation to make a good as a mandate. Officials believe that the offer of a mandatory over Armenia will be politely declined.

In these days of high prices for spring suits and dresses, thank heaven we are not a Mormon.

A sage tells us to consider the tea kettle. Although up to the neck in hot water it continues to sing. Good advice.

SOUNDS GOOD

Two developments of the last forty-eight hours should bring general rejoicing to us. First the apparent conciliatory mood of the governments meeting at San Remo on the terms of the peace treaty and second the final settlement of the long drawn out wage controversy in the bituminous coal fields. While the first is of only of indirect importance it is important nevertheless as bearing on the general prosperity of the world and an early return to sound commercial relations between nations. The second development spells peace and prosperity for our immediate community. The increases granted to the mine workers will be reflected in business balances over the counters as the spending power of the mine workers will be about twenty to twenty-five per cent higher.

WHOSE BOYS WERE THEY?

This is the question Clearfield parents will be asking after reading the account of the malicious destroying of property in Goshen township Saturday evening. The names of the boys have not been published for the reason that those who were caught do not comprise the complete list of boys who have been engaging in these practices. There are no less than twenty-five Clearfield boys who have been making a practice of destroying property in adjoining country districts and it behooves parents to look into this matter at once to determine whether their boys are a party to such conduct. Prosecutions are to follow. Hunting camps have been heavy losers and their officers are preparing to wage a vigorous campaign against the despoilers of their property. Many of the hunting clubs leave their camps open for the accommodation of the hunter, the fisherman or the berry picker who might want to use it for shelter or the preparation of meals. It is a shame that such hospitality is so rewarded.

CHICAGO DELEGATES WILL HAVE PHONES IN THEIR SEATS

Delegates at the Republican National convention, opening at Chicago on June 8, will be able to confer with representatives of other states without leaving their seats.

To eliminate a large part of the confusion incident to conferences between delegates on the floor, C. R. Hall, superintendent of the Coliseum, has arranged for the installation of telephones connecting all state, district and territorial delegations.

It is said that this will be the first time that such a system has been installed at any national convention. There will be 53 telephones in service, reaching the 48 state groups and the representatives of the District of Columbia, Alaska, Hawaii, the Philippines and Porto Rico.

The convention architects have completed plans for the Coliseum, including an extra balcony that adds approximately 1,100 to the seating capacity. Work on the balcony and

the convention offices, in the Coliseum annex will start May 3. The Chicago convention committee is spending \$47,000 on changes to the building to accommodate the delegates and more than 10,000 spectators.

ARRESTED FOR SWIPING BICYCLES

The police have had numerous complaints lately relative to the swiping of bicycles about town. Many times the past couple of weeks bicycles, left along the curb while the owners went into stores to transact business, have disappeared and would be found a day or so later in ditches and out-of-the-way places.

Saturday evening a couple of Reedsville boys came down to town and left their bicycles along Market street while they went into a store. When they came out to look for their wheels they were gone. This time the boys taking them were seen by some person who knew them and the police were promptly informed. Warrants were issued for the bicycle lifters and they were arrested.

They were taken before Squire Bain this morning and on their promise to pay the costs and refrain from such work in the future they were allowed to go without further trouble.

If Back Hurts Begin On Salts

Whish the Kidneys at once when Backache or Bladder Bothers—Meat forms uric acid

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

FOUND OUT HOW SHE WORKED

The fire alarm sounded from box No. 17 Saturday evening about 6 o'clock and when the firemen arrived at the corner of Third street and "The Bowers" they found a frightened youngster who told them a boy had reached up to the fire alarm box and pulled something down and away she went.

The glass in the box was broken and the door ajar and the inquisitive kid did the rest.

Eliminating Free Radius Will Better The Service For Business Men

We know every business man would rather pay the insignificant sum we have placed on some of the points in the heretofore "free radius," than be always confronted with "Line's busy."

Here's how it works: Mrs. Smith in Blanktown thinks she has some "news" for Mrs. Jones in a free radius town. She calls; gets her party; keeps on thinking of something else to talk about and they hold the line longer than they realize.

Mr. Busy Business Man has a business call to put through while these ladies talk. It's important. He must get his party for the quick dispatch of business. Yet business is held up while cooking recipes are discussed.

Any business man would gladly pay three or four times the amount that we have placed on these points as a toll, rather than be held up.

Aside from this sort of inconvenience as outlined above, there are also hundreds of miles of wire to maintain—from which we derive no income. Is it fair?

The Help You Want On Washday

While lifting boilers struggling with tubs and straining over the scrubboard on wash days, haven't you often yearned for relief—some economical and convenient means of having your family washing done?

Our Family Laundry Service will appeal to you if you have.

It is something different from the usual laundry service—and its cost is very moderate.

When our driver brings us your family bundle, we wash everything, using from nine to twelve changes of pure, soft water and suds of mild white soap. We dry the clothes without wringing or flapping on the line—a spin in our magic basket and a few minutes in a gentle breeze of warm, clean air, does it.

Then we iron the flat pieces, like the bed clothes and table liners. Such other pieces as require it, we starch.

Finally we wrap them all in a package and deliver them to you immaculate—leaving only a small amount of the ironing for you to do yourself.

Could anything be simpler? All of the heaviest and most unpleasant work of washday is done by us. Only the lightest duties are left to you.

You will be surprised, too, at the reasonableness of the cost.

But more important still, you will find immense relief in having no smelly Mondays to live through, no irksome labor over the scrubboard and no weekly troubles with clothes lines and soot.

If you will telephone, write or visit us, we will be glad to tell you more about this service. Or better, leave us your address and we will have our driver call at once for your family bundle.

Clearfield Laundry

NEWS OF OUR NEIGHBORS CURWENSVILLE

Luther Anderson, a son of George Anderson, of Pike township, was taken to Clearfield Hospital last Thursday and operated upon for appendicitis. He passed the ordeal successfully and is getting on toward the renewal of his health finely.

Orl L. Norris, one of Clearfield's good and solid citizens, in order to add to the number of Odd Fellows attending church yesterday, walked up from the county seat and joined the members of his lodge in procession to the church.

Constable Eli Korb, who resides along the Grampian road, is confined to his bed chamber, suffering from an attack of rheumatism.

Colonel Tom Davidson, who is home in Fort Smith, Arkansas, was a Sunday visitor at the home of his brother, Archie Davidson. He was a resident of Curwensville at one time, having been engaged in the grocery business with his brother.

John Delmont Richards died at his home in Nantuxton last Friday afternoon, after two weeks of suffering from rheumatism and leakage of the heart, aged 43 years, 5 months and 5 days. He was the eldest son of J. S. Richards (who died of pneumonia, January 19, 1919) and Rachel Richards, and was born at West Moshannon. He was united in wedlock in 1896 to Miss Hannah McCracken, of Greenwood township, and to this union were born seven children, one passing away in infancy, leaving his widow, our sons and two daughters surviving him. Together with those of his immediate family who will mourn and sorrow after the departed, are his mother and brother, James, Guy, Earl and Harry, residing in Curwensville, and Mrs. Elva Kemble, of Indiana. "Dad" Richards, as everyone called him, was a young man well and favorably known all over the county, having followed the work of a woodman the greater part of his life. He always had a smile and a pleasant for all with whom he came in contact, and gave to charity to the full extent of his means. He conducted a restaurant for almost two years, and many a tired and hungry man was fed without a thought of making a charge for the same. Kind and indulgent was he to his wife and children, and his death came yet in the prime of manhood, will long be felt by them. Although not affiliating with any church, he followed out the true principals of Christianity, as was taught him at his mother's knee, and placed hope of salvation in him who gave and who taketh away. "Dad" Richards was a good, honest man in every respect, and an honored citizen, and what more can be said of a mortal man? To quote from one who has known him almost his lifetime, "He was a true and tried friend to a friend, enemies of him none are known to exist." His funeral will be held this afternoon at 2 o'clock, from his late home, Rev. J. C. Collins of the M. E. church, officiating. Interment will be made in Oak Hill cemetery.

Mrs. Edith Blake left last Saturday for Rochester, N. Y., where she will resume her work in one of the hospitals of that city, after spending some time with her parents in Curwensville, Pa. Mr. and Mrs. John Blake.

Born to Mr. and Mrs. Harry Lines, on Saturday forenoon, a son.

Sunday forenoon almost two hundred Odd Fellows, together with almost one hundred members of the Rebekah Lodge, attended the M. E. church in a body, and listened to a fine and instructive sermon by Rev. J. C. Collins, who spoke from the text: "Rejoice with them that do rejoice, and weep with them that do weep," found in the 15th verse, 12th chapter of St. Paul's epistle to the Romans. While the discourse was not strictly along the lines of Odd Fellowship, a great deal of it could be applied to the principles of the order generally, with much profit. The sermon, however, was one of good common sense and was listened to with profound attention by the large congregation.

Walter Norris and family will be moving their home for summer use. Saturday night some one broke into their smoke house and carried away all of the meat stored therein. The lock was broken off in order that an entrance might be gained.

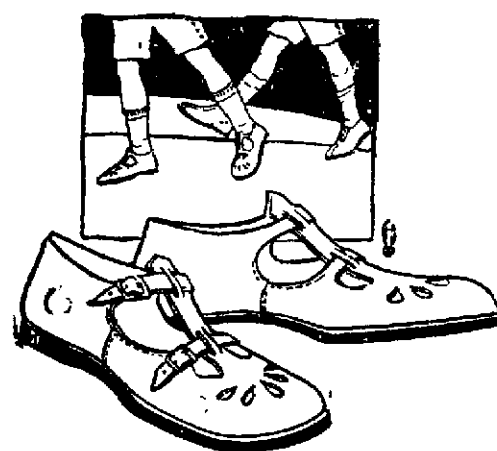

WOODLAND

Mrs. Triphena Riley, of Tyrone, spent Sunday at the home of her daughter, Mrs. M. A. Peter.

Carl Wingo, while at his work in the clay mines, had the misfortune to mash his toe on Tuesday. On Wednesday he became very ill and symptoms of lock-jaw were in evidence but by the timely aid of physicians, the dread disease was arrested and it is thought the danger is now over. Serum for lock-jaw was administered to him with the desired result.

A number of our church people attended the evening session of the Sunday School Convention held in Clearfield on Tuesday.

Master Charles Walker fell from a fence on the farm of Aron F. Shelman on Sunday afternoon and broke his arm. A young son of James Stevens had the misfortune to fall down a

Mrs. Harry Varner was shopping and calling on relatives in Clearfield on Wednesday.

A number of our people journeyed to Philipsburg on Wednesday to see the picture entitled "The Miserables."

Great activity has been manifested in the churches this week, both churches having united in their efforts regarding the World-Wide Church Movement.

GRAMPIAN

Lee R. Spencer has purchased the R. G. Farwell property near Grampian.

As an inducement for more workers the Ellery Coal Mining company has arranged transportation for the men from Grampian to their mine, some two miles distant.

Mrs. Frank Guibet and Mrs. Cal. Guibet were shopping in Curwensville Tuesday.

E. A. Spencer and family visited their son Roy, at Law City Sunday.

Joe Haley, after an eight weeks' battle with scarlet fever and diphtheria, is able to be out again.

The Child Welfare play, "The Child in the Mill," was presented by the W. C. T. U. to a large audience, in the M. E. church Wednesday evening.

Mr. and Mrs. William Rummings have returned to their home on Fourth street, after spending a week with the latter's parents, Mr. and Mrs. L. Thompson, at Glen Richey.

NEW JERSEY CAMPAIGN ENDS TOMORROW

TRENTON, N. J., April 26.—Major General Wood and Senator Hiram Johnson have rested their cases and the verdict is in the hands of the New Jersey Republican voters. Their decision as to which of these two contestants for the Presidential nomination shall receive the state's endorsement will be handed down at tomorrow's primaries.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid liver. Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime. Thousands take them every night just to keep right. Try them. 10c and 25c.

PLYMPTON—HOLLOPETER

William Plympton, of Ellwood City and Miss Lenore Hollopeter, of Clearfield, were united in marriage by Rev. Hartman, at the home of the bride's parents on Ogden avenue, at four o'clock, April 25, 1920.

They left Monday on the 1:38 B. & P. train for Ellwood City, where Mr. Plympton is engaged in the furniture business.

The bride has been employed as a saleslady in J. G. McCrory's store for some time.

Their many friends wish them success and happiness.

Mrs. L. G. Runk and Mrs. Jackson, of Philipsburg, were shopping in town Saturday.

Camels came through

on clean-cut merit!
No premiums or pull!

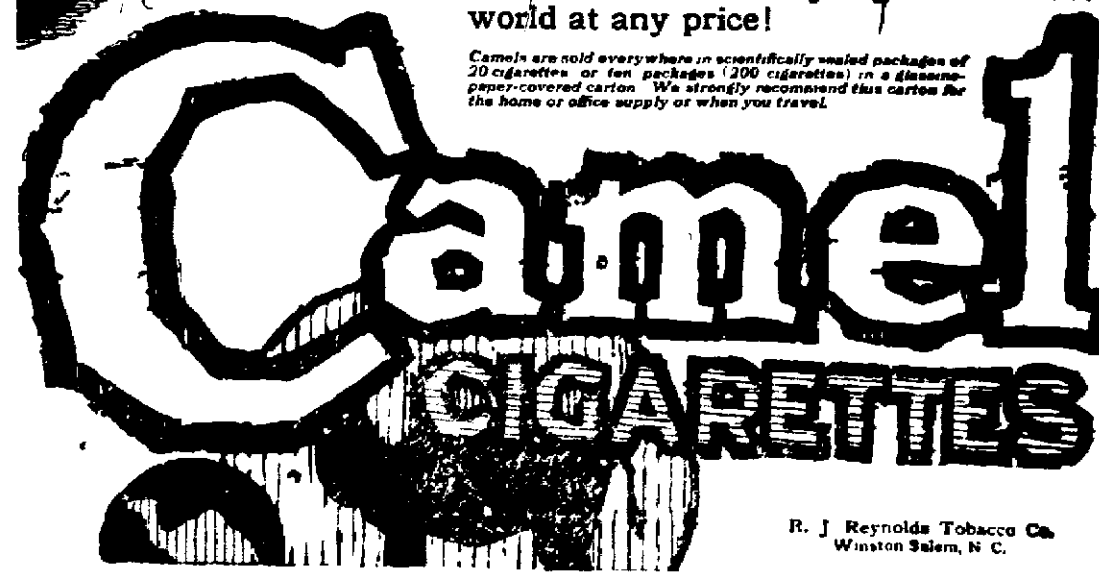

Camels delightfulness is due to their quality and to their expert blend of choice Turkish and choice Domestic tobaccos.

The more liberally you smoke Camels the surer you are that Camels are made to meet your taste! They have everything you ever looked for in cigarettes! You'll prefer Camels blend to either kind of tobaccos smoked straight!

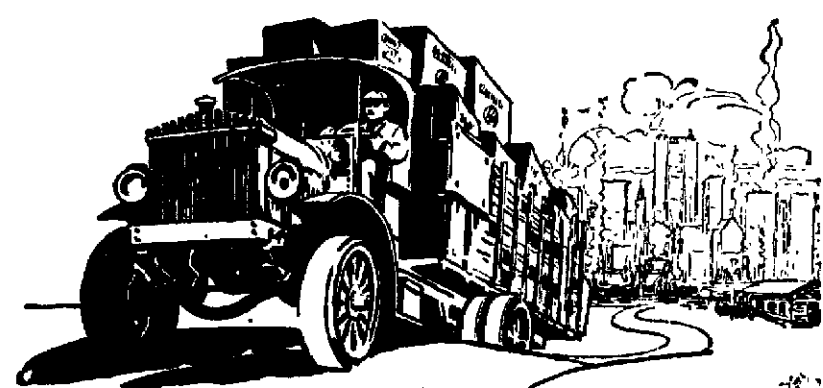

Know today that you can smoke Camels liberally without tiring your taste; and, that Camels leave no unpleasant cigarette aftertaste or unpleasant cigarette odor!

You'll find it mighty interesting to compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glass-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

On Your Way and More Power to You

E-a-s-y—that's the way Atlantic starts your trucks on their day's work. Then, a quick shift, and away goes the load for the long road and the day's business of delivery. Take it two ways—delivery by Atlantic, of power that comes strong, sure and with full response.

Never mind the carburetor. No tinkering on the road is needed. Once it's set, the driver forgets it. It goes on feeding energy into the cylinders. The pistons pump with the rhythm of rain. The spark takes every drop. Atlantic all burns. None is left to sneak into the mechanism and quarrel with the lubrication. It sticks to the business of transportation.

Atlantic vaporizes fast and thoroughly. It gives power quick pick-up and speed. It does its work economically and pares the year's fuel bill close. It works on a lean mixture—lots of air and little gasoline. Atlantic is good. Its quality is top-notch. It doesn't foul spark plugs nor engines.

Tank up where you see the others getting their supply of liquid transportation, at the Red Pump at the Atlantic sign which says, truly,

LETTERS TO THE EDITOR

PROTESTS AGAINST THIRD WARD DOGS

Clearfield, Penna.,
April 23, 1920.

Mr. Editor:—Your Curwensville scribe is certainly not very well acquainted in Clearfield, especially the Third Ward, or he would have included our city with his where no attention is being paid to the worthless dogs which are permitted to roam at large, tracking man on patches.

This has become unbearable and a public nuisance in the vicinity of the Silk Mill, where a couple of dogs draw all the yelling, fighting mongrels for miles. And while we have four constables and two policemen, their presence has not been noticed in the vicinity of the silk mill much oftener than of William J. Bryan. This vicinity is almost entirely composed of modest, respectable young ladies, who have been shocked beyond endurance, and if there is no redress very soon they will be compelled to look for employment in a more civilized community. So we suggest that our officers now act busy. (Signed) THIRD WARD CITIZEN.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash poisons and toxins from system before putting food into stomach.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment.

A splendid health measure is to drink, before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the alimentary canal before eating more food.

A quarter pound of limestone phosphate costs but very little at the drug store, but is sufficient to make anyone an enthusiast on inside bathing.

"Should a Woman Tell?"
GIRLS' SOUL-STRIKE THEME OF PHOTOPLAY

Alice Lake, Jack Mulhall and Frank Currier head the cast of the Screen Classics, Inc. all-star photo-play, "Should a Woman Tell?" from the story by Gino Fox, which will be shown at the Driggs Theatre Tuesday.

A title which the picture is a dramatic depiction of the struggle within a woman's heart between her desire to confess her whole past to the man she loves and her fear that such confession will cost her his affection. This heroine of the story is the life of the Mrs. G. H. Fox, who was transplanted by circumstance to a life of poverty and struggle. When she first meets the man who is to become her husband, she is introduced to a life of luxury and comfort. She is the daughter of a wealthy man, and she is the only child. She is the only child of a wealthy man, and she is the only child. She is the only child of a wealthy man, and she is the only child.

Why U. S. L. Batteries Last Longer

Every U. S. L. battery has a fifteen month guarantee which protects the owner, except in the case of a broken jar or renewal of separators.

U. S. L. plates are machine pressed and the active material is the best obtainable.

Every U. S. L. is incased by an expansion box which takes care of all expansion instead of breaking box.

These and other facts produce a long life for your battery.

Guaranteed repairs on all makes of batteries.

Your battery should be inspected and tested every two weeks. Our service is for the public, no charges on inspecting and testing.

Come in and look our batteries over and try our service before your buy.

We also do all kinds of welding and brazing. All work guaranteed. Prices satisfactory.

IN THE SPRING-TIME

ANY one knows enough to carry an umbrella when it rains, but the wise one is he who carries one when it is only cloudy. Any one will send for a doctor when he gets bedfast, but the wiser one is he who adopts proper measures before his ills become serious.

During a hard winter or the following spring one feels rundown, tired out, weak and nervous. Probably you have suffered from cold or influenza which has left you thin, weak and pale. This is the time to put your system in order. It is the time for house-cleaning.

A good, old-fashioned alterative and temperance tonic is one made of wild roots and barks without the use of alcohol, and called Dr. Pierce's Golden Medical Discovery, in tablet or liquid form. This is nature's tonic which restores the tone of the stomach, activity of the liver and steadiness to the nerves, strengthening the whole system. Send Dr. Pierce, Buffalo, N. Y., 10c for trial package Tablets.

Washington, Pa.—"For some years I suffered with chronic bronchitis and would become so run down that I could scarcely get around to take care of my family. Then I started to take Dr. Pierce's Golden Medical Discovery and also the Favorite Prescription and these medicines rid me of the bronchitis and restored me to normal health and strength. I have also used the 'Pleasant Pellets' in my family for years and consider them the best laxative and liver regulator."—Mrs. J. H. Barnhart, P. O. Box 24.

Ford
THE UNIVERSAL CAR

The Ford One Ton Truck is serving business just as faithfully and economically as does the Ford Touring Car serve all the people faithfully and economically. "HEART OF JUANITA" HIGH-TENSION DRAMA

Beatriz Michelena a Human Dynamo of Emotion as Dances-Hall Queen in Scandalous Drama of Early California.

"Heart of Juanita," starring the volatile emotional actress, Beatriz Michelena, is a high-tension, pulse-stimulating drama of the melting pot period of the early days of California, when convention were forgotten and morals harked back to primitive age.

The picture was made under the direction of George H. White, who is responsible for many Michelena successes, notably "Sally Jane," "The Unwritten Law" and "Salvation Nell."

As Juanita, the queen of the dances-hall, a veritable pituitary and human dynamo of tempestuous action, Miss Michelena has the most creative role of her brilliant career.

Enter a man who is love and amiable in hearted Juanita, who is the man she loved in her youth, the boss of the dance hall and who had gone through it all for him if he had played fair with her. But when Juanita played false, Juanita turned on him like a tiger.

Juanita was no hypocrite, nor was she a villainess. She was simply a woman with a big heart who obeyed her impulses, and never they might be

THIS NURSE ADVISES

Women Who Are Ill To Take Lydia E. Pinkham's Vegetable Compound.

East Rochester, N. Y.—"I have used Lydia E. Pinkham's Vegetable Compound for several years and think it fine. I am a practical nurse and when I get run down and nervous I take the Vegetable Compound. I also have trouble with my bladder when I am on my feet and Lydia E. Pinkham's Sanative Wash relieves that. I have recommended your medicine to several young ladies who have all benefitted by it."—Mrs. Agnes L. Burrows, 206 Lincoln Rd., East Rochester, N. Y.

Young women who are troubled with painful or irregular periods, backache, headache, dragging down sensations, fainting spells or indigestion, should take Lydia E. Pinkham's Vegetable Compound. Thousands have been restored to health by this root and herb remedy.

Write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Women only open, read and answer such letters.

Three Classes of Soap.
While there are many kinds of soaps, it is said that those commonly used may be divided into three classes. The first class comprises fine white soaps and scented soaps, the second class the coarse household soaps, and the third class the soft soaps.

Come In and See the \$7,000,000 3 1/2-inch Tire

This is the famous Firestone molded 3 1/2 inch tire that has its own plant, its own special machinery, special methods, special organization.

Thus Firestone serves car owners with quantity production. This permits a value in tires never before accomplished at the price.

Why Measles May Be Dangerous

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Few of us escape measles—it is one of the commonest of childhood diseases. Every mother knows the symptoms, but the mistake that most mothers make is in failing to realize that the child is not fully recovered after the eruption and fever disappear. The air passages are still inflamed and if this inflammation is not cleared up, the air passages may be weakened, thus paving the way for pneumonia or serious disease of the lungs.

Nightly applications of Vick's VapoRub will aid nature in relieving this inflammation. Because Vick's acts locally by stimulating thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, bringing the medication to bear directly upon the inflamed areas.

Children's digestions are delicate—easily disturbed by too much "dosing." Vick's, therefore, is particularly recommended since it is externally applied and so can be used often and freely without the slightest harmful effects.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vick's the size of a pea.

Samples to new users will be sent free on request to the Vick Chemical Company, 233 Broad Street, Greensboro, N. C.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1 FOR THE CHURCH'S WORK AT HOME. A score of millions are needed to carry on the church's work at home. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?
- 2 FOR HOSPITALS AND HOMES. Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.
- 3 FOR HIGHER EDUCATION. OF the eleven American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools, and yet have only to reach their list of alumni and alumni to measure the value of their contribution to America.
- 4 FOR RELIGIOUS TRAINING. At least 12,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the fact that the American will continue to be a heathen, before long the children of India, the children of China, the children of Japan, the children of the Orient will be coming to this country in ever-increasing numbers. A Christian America must be ready to receive them as truly as though they were of the hearts of its people.
- 5 FOR THE CHURCH'S WORK ABROAD. Influence comes from the Orient thirty years ago nearly all phases were Oriental. The Orient is still coming to be a heathen. Before long the children of India, the children of China, the children of Japan, the children of the Orient will be coming to this country in ever-increasing numbers. A Christian America must be ready to receive them as truly as though they were of the hearts of its people.
- 6 PREACHERS' SALARIES. The preacher is called the "longest man" and well he may be, for out of ten preachers are paid less than \$25 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.
